Re: S.E. Construction Resource, LLC

I have had the opportunity to work with S.E. Construction Resource, LLC various projects with great success.

They are always willing to do whatever is necessary to meet their client's needs and requirements. They perform their work in a timely manner. Their work is of the highest quality and they are innovative in their project approach to saving their client money whenever possible.

I have personally had the opportunity to work directly with Mr. Mike Gasque of S.E. Construction Resource, LLC and have found him to be a person that prides himself and his company in honesty and always presents himself and the company in a very professional demeanor.

Architect/Contractor relationships on projects can at times become adversarial and difficult to complete. However, our projects where S.E. Construction Resource, LLC was involved have always finished on time, under budget and without undue change orders.

I would highly recommend S.E. Construction Resource, LLC on any construction project and should you desire to contact me personally about Mike Gasque, I would be more than happy to talk with you.

Sincerely,

MCA ARCHITECTURE, INC
