**J. Michael Gasque, President**

To Whom It May Concern:

Throughout the course of my professional career, I have worked with numerous Contractors on a variety of both large and small size construction projects. For many of those endeavors, it has been and continues to be a real privilege to work with Mike Gasque and his firm.

His team always provides valuable insight in the initial design stages of projects to achieve optimal cost effectiveness and maintain budget sensitivity. Members of his firm have proven to be positive, proactive and exceptional team players from project inception to building occupancy. Their consistency and attention to detail has led to repeat work from many clients, establishing a testament of trust throughout the community and within the construction industry.

It is with great pleasure that I recommend S.E. Construction Resources, LLC become a Licensed General Contractor in the State of North Carolina.

Sincerely

Jason L. Smith, AIA  
Architectural Services Manager
