**November 14, 2016**

**To: Whom it may concern:**  
**From: Wim De Pape, C.E.O. Orian Rugs, Inc,**  
**Ref: SE Construction Resource LLC**

**We are continuing to grow our business as well as our production facilities. We have previously completed two expansion projects in the last 8 years totaling 185,000 sf. We are currently half way thru another 140,000 sf state of the art Distribution Center expansion on our campus. All of these design-build projects have or are being completed by SE Construction Resource LLC.**

**We have been very pleased with their performance on these projects. Mike Gasque and Jeff Britts, principles of SE Construction Resource, have been very active and responsible from start to finish. They have constantly worked with us to help us identify our needs, to provide building solution options and they took complete ownership of the projects in order to achieve our aggressive goals. Orian Rugs has found SE Construction Resource's management staff to be very professional, competent, courteous and trustworthy throughout our projects.**

**I would have no reservations recommending them and would be glad to work with them again if the opportunity presents itself.**

**Wim De Pape**  
**Chief Executive Officer**  
**Orian Rugs Inc.**
